Upon receiving your new Stormshield appliance or program, you need to register it under the account of the company that is using the product on <https://mystormshield.eu>.

Your SLS license will be available and downloadable from your MyStormshield personal account 48 working hours after you have entered your SLS hardware key into your MyStormshield personal account.

Should you require assistance in obtaining your SLS Hardware Key, please refer to the "SLS Deployment Guide" available in the SLS section of the Stormshield Documentation Portal.
